Pro Leak Detection & Automatic Water Shut-Off

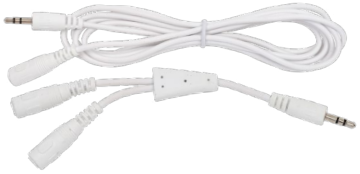
Introducing WaterCop® Pro.
The preferred residential and commercial system.

The WaterCop® Pro Indoor System features addressable sensors, a user interface with an LED screen, and flexible installation options. WaterCop® Pro Indoor Systems are preferred for single family, multi-family, condominium or commercial use where combinations of hardwired, wireless, rope and pressure sensors communicate with a Control Panel and hardwired actuator. WaterCop® Pro provides the most complete plumbing leak protection while offering the most flexible installation options and third party monitoring/ security integration or an optional SmartConnect WiFi device with free WaterCop mobile app.

Multisense Hub provides multiple installation options using combinations of standard leak detection probes, pressure sensors or rope sensors. A splitter and extension cable offer even more possibilities.

Control Panel with visual system status, simple user controls, standard security and home automation systems integration and on-board relays.

Shut-Off Valve hardwired to Control Panel.



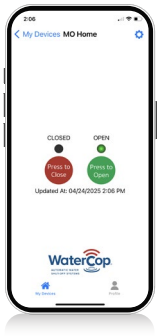
Pressure sensors detect high pressure that can damage piping and plumbing fixtures.

Range Enhancing Repeater increases the effective range of wireless flood sensors by retransmitting the wireless signal from all sensors to the WaterCop Control Panel.

Easy-to-add rope sensors are perfect for monitoring larger areas or along walls. Achieve leak sensing along the entire 6-foot length.

Standard leak detection probes can be used to make a single or dual probe sensor.

Receive mobile alerts and control your WaterCop system using the **WaterCop app** on a phone or tablet.



The proven leader in household leak protection: **WaterCop® is there when you're not.**

WaterCop® Pro quickly detects and automatically stops common plumbing floods.

WaterCop® Pro Indoor System

Features

- NSF/ANSI 372* approved lead-free brass, full flow, 600 psi rated industrial valve
- Sizes ½" – 1 ¼" standard (1 ½" to 4" large valve integration available)
- Wireless and hard-wired leak sensors
- Wireless rope and high pressure sensors available
- Fully supervised and addressable sensors alert upon water detection, low battery, and sensor short/open
- 10' white sensor cord with corrosion-resistant gold-plated prongs
- Control panel supports up to 99 wireless leak sensors or 8 hardwired sensors
- Wireless sensor signal can be repeated for longer distances (Part No. WPR)
- Local open/close water control
- Outdoor-rated connection cable (not for direct burial)

* Lead Free NSF/ANSI 372 refers to the wetted surface of pipe, fitting and fixtures in potable water systems that have a weighted average lead content ≤ 0.25%. Source: California Health & Safety Code (116875); Vermont Act 193.

Ordering Information

Step One: Select appropriate shut-off valve by size

SIZE (FNPT)	PART NO. (LEAD FREE NSF/ANSI 372)
½"	**WCVLF ½**
¾"	**WCVLF ¾**
1"	**WCVLF 1**
1 ¼"	**WCVLF 1 ¼**

Step Two: Select your system

WaterCop® Pro Indoor System

PART NO.	DESCRIPTION
WPK25	CONTROL PANEL WITH 25' CABLE & PRO ACTUATOR
WPK50	CONTROL PANEL WITH 50' CABLE & PRO ACTUATOR
WPK75	CONTROL PANEL WITH 75' CABLE & PRO ACTUATOR
WPKH25	CONTROL PANEL (+HW INPUTS) 25' CABLE & PRO ACTUATOR
WPKH50	CONTROL PANEL (+HW INPUTS) 50' CABLE & PRO ACTUATOR
WPKH75	CONTROL PANEL (+HW INPUTS) 75' CABLE & PRO ACTUATOR

Step Three: Select accessories

Multisense Hub Accessories

PART NO.	DESCRIPTION
WPM	WATERCOP MULTISENSE HUB
WPM.XT	WATERCOP PRO MULTISENSE HUB (W/O AMBIENT TEMP SENSOR)
WPSC	WATERCOP PRO LEAK SENSOR 10' CABLE AND PROBE
WPRS095	WATERCOP PRO PRESSURE SENSOR 95 PSI MAX ¼" NPT
WROPE6	WATERCOP PRO 6' ROPE SENSOR WITH PLUG, INCLUDES 20 CLIPS
WSPLIT	WATERCOP PRO AUXILLIARY SPLITTER FOR MULTISENSE HUB
WEXT6	WATERCOP PRO AUXILLIARY 6' EXTENSION
WCSG	WATERCOP SENSOR GUARD
ACA100	WATERCOP PRO AC ADAPTER FOR LOW VOLTAGE MULTISENSE HUB
RS100	WATER CONTROL WALL SWITCH (CABLE NOT INCLUDED)
WCSC2	WATERCOP SMART CONNECT – WIFI + MOBILE APP INTERFACE
WPR	WATERCOP PRO RANGE ENHANCING SENSOR REPEATER

SmartConnect

Receive mobile alerts and control your WaterCop system using the WaterCop app on a phone or tablet. SmartConnect is compatible with Classic, Pro and LeakStop+ systems.

- 24/7 remote mobile control and access to your WaterCop system
- WiFi compatible
